Scratch Script

```

when green flag clicked
  forever loop
    ask "Say something or ask me a question" and wait
    set found match to false
    set Question number to 1
    repeat (length of questions)
      if (answer contains item Question number of questions) then
        if (not (questions contains answer)) then
          add answer to questions
          add item Question number of answers to answers
          set found match to true
          say item Question number of answers for 2 seconds
        else
          change Question number by 1
      if (found match = false) then
        add answer to questions
        ask "Sorry, I don't know how to respond to that yet. What should I say next time?" and wait
        add answer to answers
