

## Dragons

**Design a fire-breathing dragon with wings and a tail.**

**Cressida Cowell took inspiration from the mythical creatures in Viking legends and real creatures like reptiles, weird sea creatures and even dinosaurs!**

**How about using a Lego dinosaur or shark set as a starting point?**

## What you need

- Bricks
- Slope bricks
- Plates - different shapes & sizes
- SNOOT\* bricks
- Joining elements - eg ball & socket

*\*Studs Not Only On Top*

## Engineering

**Which parts of your dragon will move?**  
**How will you join the moving parts?**
